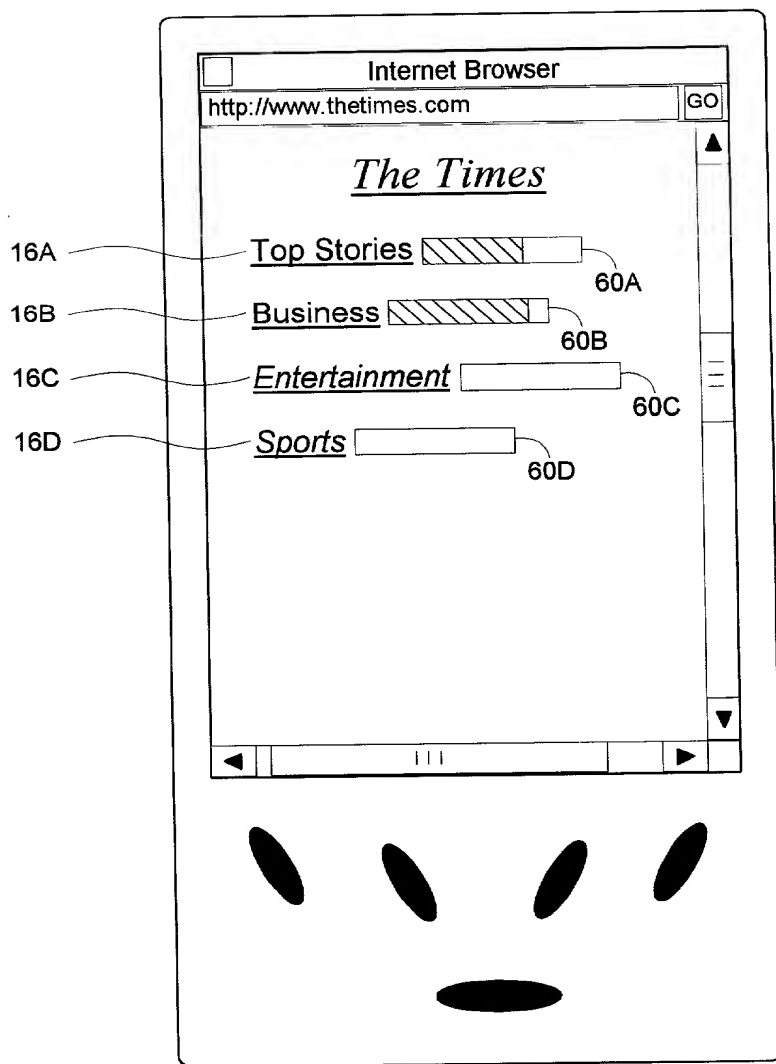

FIG. 5B

FIG. 6 is a schematic diagram of a handheld device 100 displaying a web browser interface. The device 100 includes a display screen 70 and a set of four touch-sensitive buttons 72. The browser interface shows the address bar with the URL "http://www.thetimes.com" and a "GO" button. The main content area displays the "Home Page" with four links: "The Times", "Stock Watch", "Intrest-Rates", and "Ski Today". Each link is accompanied by a progress bar and a status indicator. The progress bars are labeled 68A, 68B, 68C, and 68D respectively. The status indicators are "m/f", "n/a", and "s/t". The "Sync Cache" and "Memory" status bars are labeled 70 and 72 respectively. The device 100 is shown in a portrait orientation.
